Firewaters Saloon Saga

Welcome to Firewaters Saloon located in the Marketplace at the Tropicana Casino.

Firewaters Saloon is proud to be part of the Adam Goodman legacy here at the Tropicana.

Opened in 2003 and originally known as Firewaters Beer Bar & Martini Bar, we transformed the property into a Country Western Saloon in 2018.

To this day, we continue to promote Adam's down home Texas values of hard work and getting to know your guests on a first name basis.

From our extensive draft menu boasting 69 selections to our Bourbon Bar, there are many ways to satisfy your Old West cravings. Decorated with authentic Western artifacts, Firewaters Saloon has a dance floor and live entertainment. You can take a selfie with "Buddy The Bear" or sit on our western saddles or horse bar stools while watching cowboy movies and upbeat country \ classic rock videos.

Whether you're getting something to eat, having a cold beer, or enjoying something stronger, kick back, enjoy yourself and have a boot scootin' good time. Firewaters Saloon is the place to be.
